Conclusion/Brief comment:

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.

As initially proposed, there were concerns regarding potential overlooking of/interface with the adjacent property to the south. Following deferral it is however proposed to increase the height of the intervening two fence panels to 2.1m, avoiding any overlooking. Subject to a condition requiring implementation of this work, the application is acceptable in relation to the above policies and other material planning considerations.
