

THE LAND PLANNING AND DEVELOPMENT (GUERNSEY) LAW, 2005
AND THE LAND PLANNING AND DEVELOPMENT (GENERAL PROVISIONS)
ORDINANCE, 2007

NOTIFICATION OF GRANT OF PLANNING PERMISSION

PROPOSALS: Remove existing distribution pillar, install electricity substation, create pedestrian access and associated works to south boundary.

LOCATION: Le Coudre House, Rue De La Rocque Crespel, St. Pierre Du Bois.

APPLICANT: Guernsey Electricity Ltd

This permission is granted under the terms of Sections 15 and 16 of the Land Planning and Development (Guernsey) Law, 2005 (the 'Law').

Date of Grant of Permission: 28/05/2026

This notification of grant of permission refers solely to the proposals referred to above as described in your application received as valid on 20/04/2026 and the drawings referred to below. This grant of permission is subject to the following conditions:-

Drawing Nos: Guernsey Electricity Ltd: P02-01-12-0278 D04/1

Application Ref: FULL/2026/0654

Property Ref: F006160000

Conditions and reasons:-

1. All development authorised by this permission must be carried out and must be completed in every detail in accordance with the written application, plans and drawings referred to above. No variations to such development amounting to development may be made without the permission of the Authority under the Law.

Reason - To ensure that it is clear that permission is only granted for the development to which the application relates.

2.The development hereby permitted shall be begun within 3 years from the date of grant of this permission.

Reason - This condition reflects section 18(1) of the Land Planning and Development (Guernsey) Law, 2005 which states that planning permission ceases to have effect

unless development is commenced within 3 years of the date of grant (or such shorter period as may be specified in the permission).

3.The development hereby permitted and all the operations which constitute or are incidental to that development must be carried out in compliance with all such requirements of The Building (Guernsey) Regulations, 2012 as are applicable to them, and no operation to which such a requirement applies may be commenced or continued unless (i) plans relating to that operation have been approved by the Authority and (ii) it is commenced or, as the case may be, continued, in accordance with that requirement and any further requirements imposed by the Authority when approving those plans, for the purpose of securing that the building regulations are complied with.

Reason - Any planning permission granted under the Law is subject to this condition as stated in section 17(2) of the Land Planning and Development (Guernsey) Law, 2005.

4.Noise associated with plant and machinery incorporated within the development shall be controlled such that the Rating Level, measured or calculated at 1-metre from the façade of the nearest existing noise sensitive premises, shall not exceed a level 5 dB(A) below the existing LA90 background noise level, including low frequency tones. Rating Level and existing background noise levels shall be determined as per the guidance provided in BS 4142:2014+A1:2019.

Reason - The premises are close to residential property and a limit on the use is needed to prevent a nuisance or annoyance to nearby residents.

5. a) Prior to planting of the hedge hereby approved, full details of that hedge including species, sizes, numbers and densities of plants, shall be submitted to and approved in writing by the Authority.

b)The hedge shall thereafter be planted, in accordance with the agreed details in the first planting season following the installation of the substation. Any plants removed, dying, being severely damaged or becoming seriously diseased, within 5 years of planting shall be replaced in the following planting season by trees or plants of a size and species similar to those originally required to be planted.

Reason - To make sure that the appearance of the completed development is satisfactory and to help assimilate the development into its surroundings.

6.Upon cessation of use of the substation, the substation, housing and all associated structures and surfacing shall be removed and the land restored to its former condition.

Reason - To ensure reversion to agricultural use should the substation no longer be required.

Expiry Date: This permission will cease to have effect on 27/05/2029 unless development is commenced by that date.

ADVICE AND OTHER REMARKS:-

Effect of planning permission:

Section 18 of the Land Planning and Development (Guernsey) Law, 2005 ('the Law') defines the effect of the planning permission hereby granted, namely:

- (1) Planning permission ceases to have effect unless the development permitted by it is commenced within a period of three years immediately following the date on which it is granted (or such shorter period as may be specified in the permission).
- (2) Planning permission enures for the benefit of the land concerned and of every person for the time being having an interest in it.
- (3) Any conditions subject to which planning permission is issued are enforceable in accordance with the provisions of Part V of the Law.
- (4) Planning permission for the erection of a building is only permission to use it for the purpose specified in the permission or, subject to any restriction so specified, for any other purpose for which it is designed.
- (5) Planning permission is only permission to carry out the development specified in it (subject to any conditions so specified) and does not imply the giving of any other approval or consent required under this Law or any other enactment or under any rule of law.

Right of appeal against planning decisions:

Your attention is drawn to the provisions of Section 68(1) of the Land Planning and Development (Guernsey) Law 2005, which provides a right of appeal, on the merits against a decision to grant planning permission subject to conditions (except a building condition), to the Planning Tribunal, which is independent of the States of Guernsey. An appeal to the Planning Tribunal under section 68 of the Law against this decision must be made before the expiry of the period of six months beginning with the date on which the Authority made this decision. The official Appeal Notice Forms are available on the States of Guernsey website at www.gov.gg/planningpanel and must be completed with all enclosures in multiples as requested and received within the six months deadline.

Copy of representations made:

In reaching this decision the Authority took into account any written consultations made under Section 11(1) of the Land Planning and Development (General Provisions) Ordinance, 2007 ('the Ordinance'). A copy of any consultation responses made under section 11 will be included with this decision in accordance with section 19 of the Ordinance.

Other Remarks:

Please note that any work which abuts or affects the public highway requires prior approval by Traffic and Highway Services. Please contact Traffic & Highway Services (highways@gov.gg) for further advice. You must also ensure that any access/es to the development are constructed to meet the existing road/footway levels in accordance with their requirements.

This document is not a Building Licence and confers no approval under the Building Regulations.

A separate Building Control Licence may be required and it is the responsibility of the developer to ensure that ALL necessary consents are obtained and that any pre-commencement conditions are discharged prior to development being commenced.

A J ROWLES

PLANNING APPLICATION REPORT

Application No: FULL/2026/0654
Property Ref: F006160000
Valid date: 20/04/2026
Location: Le Coudre House Rue De La Rocque Crespel St. Pierre Du Bois Guernsey GY7 9HZ
Proposal: Remove existing distribution pillar, install electricity substation, create pedestrian access and associated works to south boundary.
Applicant: Guernsey Electricity Ltd

RECOMMENDATION - Grant: Planning Permission with Conditions:

1. All development authorised by this permission must be carried out and must be completed in every detail in accordance with the written application, plans and drawings referred to above. No variations to such development amounting to development may be made without the permission of the Authority under the Law.

Reason - To ensure that it is clear that permission is only granted for the development to which the application relates.

2. The development hereby permitted shall be begun within 3 years from the date of grant of this permission.

Reason - This condition reflects section 18(1) of the Land Planning and Development (Guernsey) Law, 2005 which states that planning permission ceases to have effect unless development is commenced within 3 years of the date of grant (or such shorter period as may be specified in the permission).

3. The development hereby permitted and all the operations which constitute or are incidental to that development must be carried out in compliance with all such requirements of The Building (Guernsey) Regulations, 2012 as are applicable to them, and no operation to which such a requirement applies may be commenced or continued unless (i) plans relating to that operation have been approved by the Authority and (ii) it is commenced or, as the case may be, continued, in accordance with that requirement and any further requirements imposed by the Authority when approving those plans, for the purpose of securing that the building regulations are complied with.

Reason - Any planning permission granted under the Law is subject to this condition as stated in section 17(2) of the Land Planning and Development (Guernsey) Law, 2005.

4. Noise associated with plant and machinery incorporated within the development shall be controlled such that the Rating Level, measured or calculated at 1-metre from the façade of the nearest existing noise sensitive premises, shall not exceed a level 5 dB(A) below the existing LA90 background noise level, including low frequency tones. Rating Level and existing background noise levels shall be determined as per the guidance provided in BS 4142:2014+A1:2019.

Reason - The premises are close to residential property and a limit on the use is needed to prevent a nuisance or annoyance to nearby residents.

5. a) Prior to planting of the hedge hereby approved, full details of that hedge including species, sizes, numbers and densities of plants, shall be submitted to and approved in writing by the Authority.

b) The hedge shall thereafter be planted, in accordance with the agreed details in the first planting season following the installation of the substation. Any plants removed, dying, being severely damaged or becoming seriously diseased, within 5 years of planting shall be replaced in the following planting season by trees or plants of a size and species similar to those originally required to be planted.

Reason - To make sure that the appearance of the completed development is satisfactory and to help assimilate the development into its surroundings.

6. Upon cessation of use of the substation, the substation, housing and all associated structures and surfacing shall be removed and the land restored to its former condition.

Reason - To ensure reversion to agricultural use should the substation no longer be required.

OFFICER'S REPORT

Brief Description:

The application proposes to remove the existing distribution pillar in the south boundary hedge and to install an electricity substation in the south-west corner of the field, creating pedestrian access through the hedge.

The site is located Outside of the Centres, within an Agriculture Priority Area as designated in the Island Development Plan.

Relevant History:

None.

Existing Use(s):

Agricultural

Assessment: *(Tick as appropriate)*

no representation	☒	visual amenity acceptable	☒
accords with policy	☒	no material neighbour impact	☒
within curtilage	☒	traffic not affected	☒
design acceptable	☒		

Policies considered most relevant:

OC5(A): Agriculture Outside of the Centres – within the Agriculture Priority Areas

GP8: Design

GP9: Sustainable development

IP11: Small-scale Infrastructure Provision

Consultation responses:

The Office for Environmental Health and Pollution Regulation comment as follows:

I have reviewed the proposed plans for Le Coudre House which were received by email on 23rd April 2026 and there are a number of issues of concern that I must raise. Due to the nature of these plant and potential for low frequency tones I believe the below condition should be applied to any permission granted.

Control of noise level of plant/machinery

Noise associated with plant and machinery incorporated within the development shall be controlled such that the Rating Level, measured or calculated at 1-metre from the façade of the nearest existing noise sensitive premises, shall not exceed a level 5 dB(A) below the existing LA90 background noise level, including low frequency tones. Rating Level and existing background noise levels shall be determined as per the guidance provided in BS 4142:2014+A1:2019.

Conclusion/Brief comment:

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.

The application is acceptable in relation to the above policies and other material planning considerations.

Recommendation:

Grant with Conditions
