OFFICER'S REPORT

Brief Description of the site:

The site is located Outside of the Centres and within the Agriculture Priority Area as designated in the Island Development Plan.

The exterior of the house and the exterior of the outbuildings, attached to the house and detached, together with the circular trough, the monolithic gate posts, the roadside and garden walls are Protected. The south wing, the west wings and the lean-to glasshouse/shed and the glasshouse are excluded from the listing.

Relevant History:

There are numerous recent applications relating to Les Vardes Farm but none are directly relevant to the current proposals.

Existing Use(s):

Agriculture

Assessment: *(Tick as appropriate)*

no representation	x	visual amenity acceptable	x
accords with policy	x	no material neighbour impact	x
within curtilage	x	traffic not affected	x
design acceptable	x		

Policies considered most relevant:

OC5(A): Agriculture Outside of the Centres – within the Agriculture Priority Areas
GP5: Protected Buildings
GP8: Design
GP9: Sustainable Development

Conclusion/Brief comment:

The application seeks retrospective approval for the installation (or reinstatement) of a well head at the property. The submission highlights that the site includes c. 2.5ha of agricultural land. The historic well has recently been discovered, likely constructed prior to 1938 and the well can be used to supply water to grazing livestock.

In this case, the proposals must satisfy the terms of Policy GP5 of the Plan, and meet the statutory duties with regard to conservation areas and protected buildings set out within Sections 34 and 35 of the Law. Policy GP8 (Design) would also be relevant.

Policy OC5(A) supports development for a purpose ancillary and incidental to the existing principal agricultural use. The well head would facilitate the use of the well and its use for watering livestock.

The form of the well head is not traditional, but its position is not such that the setting of the protected building would be adversely affected. The works will not have an adverse impact on the character and appearance of the locality or on neighbour amenity.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land Planning and Development (General Provisions) Ordinance, 2007 have been taken into account in the assessment of this application.

The application is acceptable in relation to the above policies and other material planning considerations.
