OFFICER'S REPORT

Brief Description of the site:

The property known as 'Coin Maison' (the application site) is one of 18 dwellings located within Clos du Petit Bois. It occupies the first property on the western side of the Clos road. The road also curves around the site's northern boundary. Neighbouring properties are situated to the west and south, with additional dwellings located opposite the site on the northern side of the Clos road. The property lies Outside the Centres as defined in the Island Development Plan.

A pre-application earlier in the year.

Conclusion/Brief comment:

This application is to remove an internal section of hedge and then alter and extend the vehicle access and parking area at the front of the property (north elevation) and add a fence either side of the dwelling to ensure privacy to the rear garden area.

Following a site visit undertaken as part of the assessment of the application, it was established that the hedge had already been removed. The application is therefore partially retrospective. The additional fee has been paid, and the assessment of the application can now proceed.

Initially, the vehicular access serving the property measured 4.5 metres in width, with a parking area of the same width and 7.4 metres in length. The proposal seeks to widen the access to 5.5 metres and pave the entire front garden area, thereby increasing the available parking provision and enabling more than one vehicle to be accommodated on the site at any one time.

The proposals are considered to achieve a good standard of design, using materials which complement the existing materials. The proposals are not considered to have a detrimental effect on the character and amenity of the surrounding area, nor will they have any impact on either of the immediate neighbours.

Confirmation has been received that the development proposed has been designed to take into account matters of energy efficiency and current Building Regulations in accordance with Policy GP9.

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land Planning and Development (General Provisions) Ordinance, 2007 have been taken into account in the assessment of this application.
